SANFORD[®]
HEALTH

Welcome to the 2022 Sanford GI Symposium

Welcome and Purpose

Welcome to the 2022 Sanford GI Symposium.

The purpose of this activity is to provide an update on the diagnosis and collaborative management of gastrointestinal and liver disease with multi-disciplinary approach.

Evaluation

We invite your feedback via an electronic evaluation. Select one of the options below to complete evaluation:

1. A link will be emailed to you in approximately one to two weeks
2. Visit <https://www.surveymonkey.com/r/2022GISymposium>
3. Scan QR code at the right to access evaluation

Continuing Education Credit/Contact Hour Information

A link to print your verification of completion form will be emailed to you within 1-2 weeks. Be sure to print a copy for your records.

Criteria for awarding contact hours/Requirements for successful completion of this activity

- Pre-registration for the event
- Attendance at one or more sessions
- Report attendance as requested by event planner
 - If you are sharing a computer, you will need to email the activity organizer to report your attendance, as it will not be recorded.

Disclosure

Disclosure of Relevant Financial Relationships

None of the planners or presenters for this educational activity have relevant financial relationship(s) to disclose with ineligible companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

Non-Endorsement of Products

Exhibitor presence does not imply endorsement by Sanford Health, ANCC or the ACCME of any products exhibited in conjunction with the educational activity.

Off-label use

- a. Should a presentation include discussion related to a product(s) used for a purpose other than that for which it was approved by the Food & Drug Administration, the presenter is responsible for disclosing this information.
- b. Educational content integrity is maintained and bias prevented through adherence to the Standards for Integrity and Independence in Accredited Continuing Education as outlined by ACCME and ANCC

Credit/Contact Hour Statements

ANCC

Sanford Health is approved as a provider of nursing continuing professional development by Ohio Nurses Association, an accredited approver by the American Nurses Credentialing Center's Commission on Accreditation. (OBN-001-91)

Maximum 7.25 ANCC Contact Hour

CME

Sanford Health is accredited by the Accreditation Council of Continuing Medical Education (ACCME) to provide continuing medical education for physicians.

Sanford Health designates this live activity for a maximum of 7.25 *AMA PRA Category I Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Learning Objectives:

GI bleed: Upper, Lower and In-between - Fadel Nammour, MD

- Identify the cause and discuss the treatment for upper and lower GI bleeding

Individualized Audit and Feedback Improves Colonoscopy Quality Indicators - Yauheni Aleksandrovich, MD

- Describe the quality indicators in colonoscopy including the adenoma detection rate
- Identify the significance of the adenoma detection rate and the effect of disclosure of individual physician adenoma detection rates
- Recognize strategies to increase the adenoma detection rate

Assessment of Hospital Readmissions in Decompensated Cirrhosis: Are We Doing Enough - Shannon Chamberlain, MD and Ana Schroeder, MD

- Examine the diagnosis of Cirrhosis and treatment of its decompensations
- Identify the factors associated with hospital readmission of patients with Cirrhosis
- Examine the interventions that may mitigate the risk of hospital readmission

Surgical Management of Colorectal Cancer - Leonard Armstrong, MD

- Describe the diagnosis and staging of colorectal cancer
- Examine the applicability of laparoscopic surgical strategies including robotic surgery

Liver Transplant for Short Term Sobriety- Julie Thompson, MD, MPH

- Identify the epidemiology for Alcoholic Hepatitis (AH)
- Describe the spectrum of Alcoholic Hepatitis related to severity and prediction models
- Examine the role of liver transplant in patients with short-term sobriety

Pediatric Eosinophilic Esophagitis- Timothy Blaufuss, DO

- Discuss epidemiology and clinical presentation of eosinophilic esophagitis in children
- Describe pathophysiology and triggers for eosinophilic esophagitis
- Identify different treatment approaches in eosinophilic esophagitis including, drugs, diet and esophageal dilation

Surgical Management of Hepatobiliary Cancers - Sabha Ganai, MD, MD, PhD, MPH, FACS, FSSO

- Describe the diagnosis and staging of hepatobiliary cancers
- Describe applicability of minimally-invasive surgical strategies including robotic surgery.
- Identify strategies to surgically treat metastatic disease, peritoneal spread and recurrent disease

Acute Enteric Infections (Other than C-diff) - Avish Nagpal, MD

- Identify the most common pathogens that cause infections of the GI tract
- Identify risk factors for acquisition of various GI pathogens
- Describe therapy and pharmacologic treatment of acute enteric infections

Hepatitis B, Peeling the Onion - John Bassett, MD

- Describe clinical and laboratory assessment of HBV infected persons
- Assess antiviral drugs for HBV infection
- Recognize follow-up strategies for HBV

Update in Inflammatory Bowel Disease, A Tale of Two Diseases - Andrea Beiseker, FNP-BC

- Describe the knowledge of IBD disease and its management
- Promote interdisciplinary collaboration with regards to patient care approach

Update and Management of Barrett's Esophagus - Israr Sheikh, MD

- Define Barrett's Esophagus and identify the need for surveillance
- Describe the role of proton pump inhibitors and aspirin in the treatment of Barrett's esophagus and the prevention of adenocarcinoma
- Describe the role of ablation in the management of Barrett's esophagus

Pancreatic Cystic Lesions Including Surgical Management - Bhargav Mistry, MD, FRCS, FRCSI, FCCM, FACS

- Review guidelines for management including surgical management of pancreatic cystic lesions
- Describe long term surveillance of pancreatic cystic lesions

AGENDA

7 a.m.	Registration
7:15-7:30 a.m.	Welcome & Introductions
7:30-8:00 a.m.	GI Bleed: Upper, Lower and In-between Fadel Nammour, MD
8:00-8:20 a.m.	Individualized Audit and Feedback Improves Colonoscopy Quality Indicators Yauheni Aleksandrovich, MD
8:20-8:45 a.m.	Assessment of Hospital Readmissions in Decompensated Cirrhosis: Are We Doing Enough? Shannon Chamberlain, MD Ana Schroeder, MD
8:45-9:00 a.m.	Break & Exhibits
9:00-9:30 a.m.	Surgical Management of Colorectal Cancer Leonard Armstrong, MD
9:30-10:15 a.m.	Liver Transplant for Short Term Sobriety Julie Thompson, MD, MPH
10:15-10:30 a.m.	Breaks and Exhibits
10:30-11:15 a.m.	Pediatric Eosinophilic Esophagitis Timothy Blaufuss, DO
11:15-12:15 p.m.	Lunch
12:15-1:00 p.m.	Surgical Management of Hepatobiliary Cancers Sabha Ganai, MD, PhD, MPH, FACS, FSSO
1:00-1:45 p.m.	Acute Enteric Infections (Other than C-diff) Avish Nagpal, MD
1:45-2:00 p.m.	Breaks & Exhibits
2:00-2:45 p.m.	Hepatitis B, Peeling the Onion John Bassett, MD
2:45-3:15 p.m.	Update in Inflammatory Bowel Disease, A Tale of Two Diseases Andrea Beiseker, FNP-BC
3:15-3:30 p.m.	Breaks & Exhibits
3:30-4:00 p.m.	Update and Management of Barrett's esophagus Israr Sheikh, MD
4:00-4:45 p.m.	Pancreatic Cystic Lesions Including Surgical Management Dr. Mistry MD FRCS, FRCSI, FCCM, FACS
5:00 p.m.	Adjournment

ANA SCHROEDER, MD

Resident Physician, Sanford Medical Center Fargo

**Assessment of Hospital Readmissions in Decompensated Cirrhosis:
Are We Doing Enough?**

Lined area for notes or presentation content.

The logo for Sanford Health is located in the bottom right corner of the page. It consists of a dark blue horizontal bar. On the left side of this bar, there is a white graphic element that resembles a stylized arrow or a corner of a square pointing to the right. To the right of this graphic, the word "SANFORD" is written in a white, serif, all-caps font. Below "SANFORD", the word "HEALTH" is written in a white, sans-serif, all-caps font.
